IMPORTANT DURING BUILDUP AND BREAKDOWN

HIGH VISIBILITY VESTS	SAFETY SHOES	HEAD PROTECTION (HARD HATS)	

PPE equipment including hard hats if working at a height & where overhead work is being carried out, high visibility vests and protective closed footwear must be worn by all persons including stand contractors and exhibitors accessing the venue halls during build up and breakdown period. Hard hats to be worn for those individuals working under construction areas.

The venue has made it mandatory to get a Pre-fabricated stand on site. Carpentry, cutting, welding & sawing inside the exhibition halls is prohibited. **Click here to download the Safe Working Practices are mentioned by the venue.**

Show Open Days

SHOW OPEN DAYS

Date	Professionals & trade visitors only *Exhibitors will have access to the exhibition halls from 08:00 before the show opens*	CONTRACTOR ACCCESS
Thursday, 19th March	**10:00 -18:00 hrs**	Contractor access is only permitted after the show closes for the day. From 18:00 – 20:00
Friday, 20th March	**10:00 -18:00 hrs**	
Saturday, 21st March	**10:00 -18:00 hrs**	
Sunday, 22nd March	**10:00 -17:00 hrs**	

IMPORTANT DURING SHOW OPEN DAYS	◦ It is strictly prohibited to store any items behind exhibition stands or in any area of the venue that is not a designated storage area managed by the official freight agent. ◦ Exhibitors are responsible for arranging the removal of empty crates and boxes and/or storage until they are required for re-shipment at the end of the exhibition.

	◦ If items are found behind exhibition stands or in any area of the venue that is not a designated storage area, it will be considered as rubbish and will be disposed of. ◦ Storage is available and can be pre-booked through the official freight contractor. ◦ There will be strictly NO access to contractors on the opening morning, except for 'stand by' electrical, AV/lights technicians and project managers. **No building construction work, graphic replacement, or touch-ups can be done at this time.**

Breakdown

BREAK-DOWN/ DISMANTLE

DATE	TIME	DETAILS AND DESCRIPTION
Sunday, 22nd March	**From 19:00 hrs onwards**	◦ Exhibitors will receive a detailed breakdown letter, dropped on their stand onsite and via email. Removal of exhibits & dismantling of stands/ All Shell Scheme exhibitors must clear their product and belongings as shell scheme stands will be dismantled during the night after the show closes. Stand Electrics will be turned off at **17:30** *Contractors found dismantling or packing their stands before show close at 17:00 hrs will incur a non-compliance fees.* **Exhibits must be cleared from the stands by 00:00 hrs. Any missing items will not be the responsibility of organiser or venue during this period.**
Monday, 23rd March	**Until 14:00 hrs**	◦ Dismantling of stands continues. ◦ The organiser and the venue are not responsible for items left in the hall during breakdown. ◦ All contractors' trucks should only go to the holding area when their stand is nearing the time of being fully broken down ◦ Stand fittings and waste materials must be cleared from the Halls by **14:00 hrs on 23rd March. A non-compliance fee of INR 100,000/-** will be charged if rubbish is left behind and will be deductible from the security deposit (demand draft) ◦ **Cleaners and skip hires to dispose of rubbish can be ordered.**

IMPORTANT:
All heavy machinery/exhibits can be removed once all stands within the hall have been dismantled and cleared from the venue. Please coordinate with our official site handling agency for the schedule. Please note, freight vehicles will not be allowed to park inside the Venue premises before the schedule pick up date and time.

Build Up & Breakdown Regulations

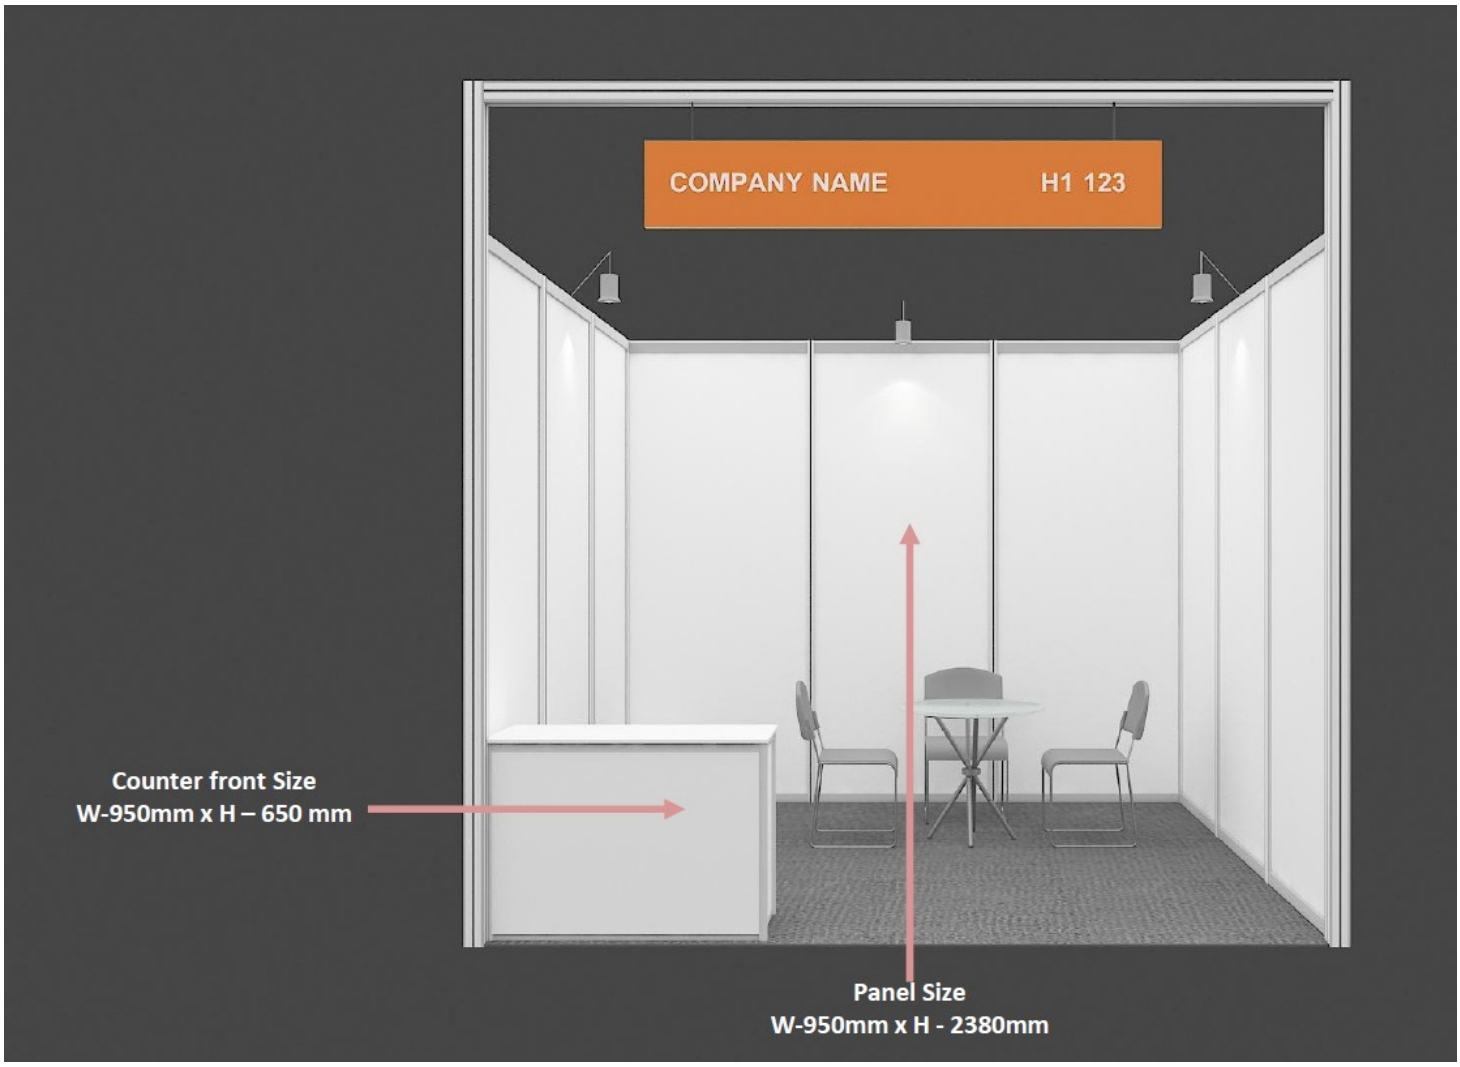
Please refer to the Exhibition Timetable for dates and times of build-up, show-open and break-down.

.It is the responsibility of the exhibitor to ensure that the appointed stand contractors are able to construct the stand within the time allocated. Failure to do so will result in an onsite non-compliance fee. Due to the tight timeframes, we insist that your stand is prefabricated off-site and assembled onsite.
Frequent sanitisation of exhibition stands, furniture, product display/refrigerator units, stages/kosha, equipment (sports, musical, electronic etc.) is required on the last night of the event build up to be ready for the opening morning.
A detailed breakdown letter will be distributed to all stands during the show period, listing procedures for a smooth and safe break-down. Please note that it is the exhibitors' responsibility to distribute this letter to your stand contractor so they are fully aware of the set procedures and therefore will not delay the break- down.

Should the stand not be dismantled as per the breakdown schedule, non-compliance fee and third-party costs will be deducted from the security deposit (demand draft).

Shell Scheme Specifications

Exhibitors who have booked a shell scheme stand will receive a stand according to the following specification.
Please note that exhibitors' exhibition space will vary according to the contracted stand size and location. Please contact the Bharat Electricity Summit Show Team should you wish to confirm your stand location and layout.



Please note this visual is an example of a 1 side open stand. The space the exhibitor has booked with the organiser may be a corner, terrace or island stand and may look different to this visual. Please check with the organiser should you wish to confirm your stand space. Shell Scheme exhibitors stand will be delivered in a clean state for the show opening. Exhibitors are then responsible for any further cleaning requirement during show days. Order your stand cleaning during show days through Stand Cleaning Form.

Stand Construction:
Aluminum square profile infill panels. This is built to an overall height of 3 metres. Stand height is 2.5 metres. Fascia is 30cm high.

Rear & Dividing Walls:
Aluminum metalwork with white infill panels (visible panel 2.38m x 0.95m). Each wall panel is 1mW x 2.5mH included of aluminum poles & beams. The number of wall panels for each stand will vary on the stand size (as contracted) and how many open sides the stand has. It is prohibited to affix nails, hooks, tacks, screws, adhesives, paint or similar items to any other part of the shell scheme stands, only double sided tape/velcro can be used to fix graphics and hooks to hang a poster.

Ceiling Beams:
Aluminum beams. It is prohibited to hang any display items from the ceiling beams.

Floor Covering:
Exhibition grade carpet laid direct to hall floor. Standard colour carpet for all Shell Scheme stands will be provided as part of the package. Any changes to the colour will have an additional charge.

Show Name	Shell Carpet
Bharat Electricity Summit 2026	Grey

Fascia Board:
The Exhibitor's name and stand number will be in 65mm capital lettering and fixed directly to the fascia. Fascia board is suspended from the top panel with the size of 2m x 3m high (as shown above). The company name as specified via the Fascia nameboard form (form 1) submitted via the online manual will be applied directly on the fascia.

Furniture:
Stand includes furniture package comprising 1 no. Prefabricated System Table, 2 nos. Wooden Chairs, 1 no. Waste Bin based on your stand size. It is prohibited to exchange/replace furniture items on the package. Exhibitors may order additional furniture items at an additional cost. Please refer to the below breakdown for number of furniture package for your stand size in sqm.

Stand Size (sqm)	Prefabricated Reception System Table	Glass Round Table	Wooden Chair	Waste Bin
9 – 17 SqM	1	1	3	1
18 – 26 SqM	2	2	6	2
27 – 35 SqM	3	3	9	3
36 - 44 SqM	4	4	12	4

Lighting:
White lights. Note that lights can only be fixed at the back wall or side wall of the stand. Please refer to the below breakdown list for number of spotlights for your stand size in sqm. Any additional lights must be ordered in advance.

Electrical Sockets:
Please note that shell scheme stands are ONLY provided stand power up to1 KW Anything above 1 KW power will require additional mains power supply (e.g. coffee machines, kettles, etc.). If unsure, please feel free to contact operations@bharatelectricitysummit.com. Please refer to the below breakdown for number of sockets for your stand size in sqm. Please contact TBC directly on TBC if you require the sockets in specific positions in your stand. Otherwise sockets will be positioned in a default position. **Any changes onsite will be subject to relocation fee.**

Stand size (m2)	Electrical Fittings Breakdown	
	Spotlights (15 W)	5/15 Amp Socket (with 1kW power supply)
9 - 17 SqM	3	1
18 - 26 SqM	6	2
27 - 35 SqM	9	3
36 - 44 SqM	12	4

Stand Walls:
Please contact TBC if you would like to attach any graphics to the stand walls. Kindly note that you may affix lightweight posters, graphics materials etc. directly to the shell scheme walls with good quality double-sided adhesive pads or similar, however such material needs to be removed without damage to the wall panels or any parts of the stand during teardown. Any damage made to the panels will be charged INR 2500 per panel to the Exhibitor accordingly.

IMPORTANT: Shell stands are reusable, and any damages will incur a fee.

GENERAL INFORMATION

Bharat Electricity Summit 2026
Yashobhoomi – India International Convention & Expo Centre
25 Dwarka, Dwarka, New Delhi, Delhi 110061, India
https://www.iiccnewdelhi.com/

AUDIO VISUAL / AV

If you have any AV requirements, please place your order through the Audio/Visual Equipment Hire form under the Optional Forms.

Submission deadline date is **23rd February 2026**.

BADGES – EXHIBITORS

Exhibitor badge gives you access to the exhibition halls during buildup, show open days and breakdown. Exhibitor badge registration can be done through the Exhibitor Name Badge Form on or before the deadline - **1st March 2026**
IMPORTANT NOTES:

- The number of badges available corresponds directly with the space booked (1 person per 3 SQM).If you have different colleagues on different days, they will still have to be registered individually within your available allocation.
- Enter the details of your colleagues who will be available at the stand. **Once submitted, you will no longer be able to edit or delete your badge submissions.**
- You must bring a **copy (Not Original)** of your valid passport during the show in case of random security check arise.
- Exhibitor badges cannot be issued to any person below the age of 18 years.

- Exhibitor badges are strictly reserved for use by exhibitors and their stand staff and cannot be transferred or "lent" to any other person under any circumstances. Any visiting staff should register as a visitor through https://www.bharatelectricitysummit.com//
- Badges must be always worn by exhibitors, as strict security will be maintained on the exhibition site.

BADGES - VIP'S & VISITORS

Online visitor registration will be available soon
For information about Visitors/VIP Program, please contact marketing@bharatelectricitysummit.com for details.

All badges should be presented for scanning when requested.

BADGES - STAND CONTRACTORS

During Build up
No access will be allowed to anyone without a contractor wrist band during build up. Stand contractors will be provided with the contractor wrist bands only once the security deposit (demand draft) has been submitted. Stand contractors (exhibitors who will be building their own stand) are liable to submit a security deposit (demand draft) for their stand.

Once the security deposit is submitted a vehicle access pass will be issued which will allow access to the venue for build-up. **Please note non-submission of security deposit/demand draft means access to the venue will be denied for build-up.**

During Show Days
Stand contractors will be allowed access into the halls during show open days if they have been asked to attend to a stand that requires attention due to an urgent or safety situation. Otherwise, all work must be carried out after the show closes for the day. The moving of vehicles, including contractor vehicles such as forklifts and general plant vehicles (other than those being given special approval or operated by health & safety staff) will not be allowed access into any hall while the show is open. **During the show days, contractors will be allowed access for 2 hours only from 18.00 to 20.00 on 19th, 20th & 21st March after show closes to attend to their stand for non – urgent work.**

Contractor/Exhibitor need to get prior approval from the Show Operations Team by submitting a request letter with details of the work to be conducted. This needs to be submitted in person at the Organiser office at the venue.

BROCHURES / FLYERS DISTRIBUTION

Exhibitors or any staff members working on behalf of the exhibitors may only conduct business and distribute literature within the boundary of their own stands.

Under NO circumstances may activities spill into the gangways / aisles of the exhibition area which includes the halls, concourse and outdoor area.

CATERING

For further assistance and information please contact the Show Operations Team on operations@bharatelectricitysummit.com

CHILDREN

There are no child-care facilities in the exhibition venue. Children under 18 are **NOT permitted** to the exhibition under any circumstances.

CLEANING SERVICES

It is the exhibitor's responsibility to always maintain their stand in a clean condition.

For cleaning within your stand space, this can be ordered through our Cleaning Contractor - TBC

For more information, please contact the Show Operations Team at operations@bharatelectricitysummit.com for details.

EMERGENCY MEDICAL SERVICES (EMS)

For more information, please contact the Show Operations Team at operations@bharatelectricitysummit.com for details.

EMERGENCY PROCEDURES AND EVACUATION PLAN

For more information, please contact the Show Operations Team at operations@bharatelectricitysummit.com for details.

FLOWERS & PLANTS

Flowers and plants are available for hire from our Official Floral Contractor – TBC. Orders can be made through the Floral Order Form.

FORKLIFTS & CRANES (ONSITE HANDLING ONLY BY THE OFFICIAL FREIGHT FORWARDER)

Whilst exhibitors may use their own transport to deliver displays and equipment to the loading gate and their own labour to move materials to their stand. BES Official Freight Forwarding Partner is the only company authorized to operate lifting equipment and forklifts in the loading bay and in the exhibition halls.
For health and safety reasons, exhibitors and their contractors are not permitted to operate mechanical handling equipment (Hiab, forklift, cranes, motorised pallet trucks) within the venue loading bay and/or venue halls and outside booth areas. This is to ensure the safety and smooth running of the build-up and break-down period of the event. Any machinery used as part of an exhibit must adhere to the following Health & Safety regulations:

- No refuelling of any machinery/equipment while inside the venues including loading bay & gate.
- Reverse warning sound should be always ON while in operation.
- Front and rear light should always be ON while in operation.
- Hazard beacon light should always be ON while in operation.

HIGH RISK ACTIVITIES & BEST WORK PRACTICES

Please click here for guidelines on Safe Working Practices & Onsite Safety Precautions.
Please note, ANY violation of the rules governing safe working practices, onsite safety precautions, material handling & lifting safety will result in fines and penalties.

INTERNET FACILITIES

Please complete the Telecom Internet & Data Form if wireless internet connectivity or networking is required. Several wireless and internet connection options are available which will cater to small or large wireless internet requirements.
For further assistance and information please contact the Show Operations Team on operations@bharatelectricitysummit.com

LIVE DEMONSTRATIONS

Exhibitors who wishes to carry out any types of live demonstrations should fill out the Live Demonstration Form by **23rd February 2026.**
Please contact the Show Operations Team on operations@bharatelectricitysummit.com for further assistance and information.

LIVE ENTERTAINMENT

For further assistance and information please contact the Show Operations Team on operations@bharatelectricitysummit.com

LOST PROPERTY

For further assistance and information please contact the Show Operations Team on operations@bharatelectricitysummit.com

NOISE LEVELS

Presentations, visual, digital, holographic, 3D or above display, slow-moving and audible advertising media as well as musical reproductions will be permitted case to case as per application with condition that this does not disturb the public, neighbours, does not cause crowding, in public interest or drown out the public address systems. The noise level must not exceed 70dB(A). Organiser are empowered to intercede and, if necessary, close down operations at any time without prior notice. Projectors in halls will be permitted case to case as per application with the condition.

Music/audio media run shall be permitted as per the Indian Govt. law and the user should have copyright of the same. According to the Indian Copyright Act, music/audio media run is permitted under the law, but the user must have ownership or permission to use the copyrighted material. It is important for users to have the necessary licenses or permissions to avoid copyright infringement and legal consequences.

All audio, video, print, live, and other forms of advertisements must comply with the norms mentioned in the Delhi Advertisement Policy and the Advertising Industry's Code of Ethics.

OPENING CEREMONY

The exhibition will be officially opened at TBC on the 19th March with the dignitary being announced prior to the opening day. The opening ceremony will be on an invitation-basis only meaning only exhibitors that are invited will be permitted to be present inside the halls due to high security being implemented for the opening ceremony.
Please ensure that you have a representative from your company present at your stand for the opening ceremony in case the dignitary may wish to visit your stand. Only pre-authorised press members are allowed to be present in front of the VIP at the official event inaugurations. For more information, please contact marketing@bharatelectricitysummit.com

PARKING

For further assistance and information please contact the Show Operations Team on operations@bharatelectricitysummit.com

PHOTOGRAPHY & VIDEOGRAPHY

Exhibitors who wish to employ their own photographers should contact the organiser's to arrange for authorization and passes. Anyone found to be taking unauthorized photographs or files will be escorted out of the exhibition.

For further assistance and information please contact the Show Operations Team on operations@bharatelectricitysummit.com .

PRIZE & RAFFLE DRAWS

For further assistance and information please contact the Show Operations Team on operations@bharatelectricitysummit.com .

SECURITY TIPS FOR EXHIBITORS

Move-in:

- Use plain boxes, containers that are clearly labelled with the exhibitors details e.g. company name, hall & stand no. etc.
- Have adequate personnel present at the booth to receive the shipment and take inventory
- Report any discrepancy in goods received to the shipper immediately
- Ensure you have proper insurance coverage
- Store valuables out of site

During the Exhibition:

- Pack small items in boxes out of site, or remove them from the booth overnight. It is NOT permitted to store items behind stands as it will be disposed off. Exhibitors who are looking for space to store boxes can avail the storage service from the Official Freight company.
- Never leave your booth unattended. Samples or briefcases / handbags can easily be taken
- Computers, VCR's, projectors, monitors, and other electronic devices are desirable to thieves. They should always be guarded
- Report all security and safety incidents to venue security or the Organisers immediately
- Secure/store valuables out of site

Move-out:

- Remain with your shipment until it is collected from your booth
- Do not leave booths unattended. Many outsiders have access to the halls during this busy time

Keep any plasma screens, computer screens or any other electrical equipment in plain boxes, labelled with information that does not identify the product for security purposes.

SMOKING POLICY

The exhibition will implement a non-smoking policy during all stages of the exhibition show days.
Smoking will be allowed only at designated areas.

Chewing of tobacco, eating paan, chewing gum, gutkha, pan masala, washing hands inside the hall or on the stand area, littering and spitting is strictly prohibited in the event venue. If found guilty, fine will be imposed and the person will be expelled from the event venue immediately.

STORAGE

Empty crates and boxes etc. must NOT be stored on exhibitors' stands or behind stands. It is the exhibitors' responsibility to ensure that items are quickly disposed of or stored until required for re-shipment at the end of the exhibition.

If you require storage during the event, please contact: TBC

Storage behind stands is strictly forbidden. Any goods left behind stands will be disposed off immediately during the master cleaning. Exhibitors who are looking for space to store boxes can avail the storage service from the Official Freight Forwarding Partner.

TEMPORARY STAFF

Exhibitors may place an order for Temporary Staff through the **TEMPORARY STAFF FORM** under Optional Forms.

All temporary stand staff hired must be issued a badge by the exhibitor from their exhibitor name badge allocation.

TRAFFIC RESTRICTIONS (DELIVERY TO SITE)

Visitor & Commercial Vehicle Movement.

For further information, please contact the Show Operations Team on operations@bharatelectricitysummit.com

VEHICLES & HEAVY MACHINERY (EXHIBITS & DISPLAYS)

If vehicles / heavy machinery / heavy equipment will be displayed on your stand you must plot the locations of these displays in your stand design submission. The height and weight of exhibits of display must take into consideration the load bearing capacity of the venue floor. The same should be checked with the Organisers before finalising large / heavy exhibits for display.

For regulations that need to be followed for heavy machinery / heavy equipment, please click here.

dmg events has the right to refuse vehicles / heavy machinery / heavy equipment entry to the exhibition halls if these rules are not adhered to.

Please note, for health and safety reasons, only forklifts belonging to our Official Freight Forwarding Partner may be used on site for offloading, reloading and positioning. They are the sole official freight, customs clearance and on site mechanical handling contractors for our events.
Please contact the Show Operations team on operations@bharatelectricitysummit.com for the necessary approval and refer to the Heavy Machinery Form. These forms should be submitted by **23rd February 2026.**

VENUE FLOOR LOADING & HEIGHT RESTRICTIONS

Venue Floor Loading

Please find below the maximum floor load capacity at Yashobhoomi:

Halls	Floor Load (kg/sqm)
Hall 1	2 Ton per SQM
Hall 2	5 Ton per SQM

N.B – Please contact the Show Operations Team on operations@bharatelectricitysummit.com to receive the confirmation on dates for delivery of heavy machinery equipment's and vehicles.

WATER & WASTE

Exhibitors and their contractors must ensure that wastewater is disposed of only in designated areas.

Indoor and outdoor drainage systems, wash basins, and toilets at the Event Venue are not to be used for the disposal of wastewater, food, or garbage. Any cleaning of polluted ditches, drainage blockages, or other remedial work resulting from damage caused by misuse shall be the responsibility and expense of the exhibitor.

Garbage must be sorted at its source, with different colored dustbins used for separating wet and dry waste. All waste should be bagged and labelled with different colored bags, and wet and dry waste should be stored separately. Depending on the size of the pavilion, appropriate bins should be placed inside for waste disposal.

WARNING REGULATIONS & NON COMPLIANCE FEE

We would like to inform you of the following regulations which will be implemented onsite during build-up and breakdown.

- Suspensions are permitted from most venue ceilings rigging points however it is not permitted to suspend or support the exhibition stand from the venue ceiling. Suspensions from the venues ceiling must not be connected to the exhibition stand, floor or any other part of the venue hall in any way. There should be a gap of 20cm between the hanging structure and the booth/stand. INR 50,000 non-compliance fee is applicable for stands with hanging structure which are found to be connected to any grounded structure (the stand will need to be revised so as the suspension/s do not connect to the stand or the floor)

- Space only exhibitors must include suitable floor covering such as carpet, platform flooring or matting in their allocated stand space. INR 50,000 non-compliance fee is applicable for any stands without floor covering

- Platform floor edges must be finished in a safe manner. Plastic protection strips should be placed over all corners, or they should be finished with a curved round edge. Finishing of stand floor edges in metal strip sections is not permitted. INR 50,000 non-compliance fee is applicable for stands with platform floor edges without correct protection (if finished with a metal strip the metal strip will also need to be replaced)

- Wheelchair access: All space only stands, regardless of size, with raised floor / platform of 10cm and above must provide suitable access for wheelchairs. INR 50,000 non-compliance fee is applicable for stands who do not comply with this regulation. External ramps are NOT allowed.

- Exhibitors with stand walls that exceeds the height of an adjacent/neighbouring stand must dress & paint the rear surface of their wall white. INR 50,000 non-compliance fee is applicable if the walls are left unfinished.

- All stand build elements and exhibits must be confined within the exhibitors allocated space and not protrude onto the aisle. This includes symbols, logo, lighting, floral, decorations, signage, digital screens, furniture and furnishing. INR 50,000 non-compliance fee is applicable for elements found to be outside the exhibitor's space and the contractor will be asked to remove the elements.

- Doors or windows along the aisle or walkway edges must open inwards to the stand. Storage doors within a stand build must have port holes or clear view windows or similar. INR 50,000 non-compliance fee is applicable.

- It is prohibited to take electrical supply from sockets in the exhibition halls during build-up, show open and breakdown. Exhibitors/contractors MUST order all power supply through the online manual. It is the exhibitor / stand contractors' responsibility to supply a mains distribution board (DB), fuse isolator or earth leakage circuit breaker (ELCB). INR 50,000 non-compliance fee is applicable for any prohibited electrical installation e.g., without DB and power to the stand will not be connected until a distribution board is supplied and installed.

- Fire Exits and fire exit signs must not be blocked by exhibitor or contractor's material or equipment at any time. A one-meter clear gap must be maintained between the stand and venue wall. Access to wall mounted fire hoses, extinguishers and manual call points must always be kept clear. Storage of boxes, materials, ladders, paints and general waste is not permitted at any time behind the stands. INR 50,000 non- compliance fee is applicable for stands blocking fire exits / hoses and storing materials / equipment behind stands and material will need to be removed.

- During build up and break down, it is mandatory that all persons working on or visiting the build-up and break down area of the event must wear PPE – PERSONAL PROTECTIVE EQUIPMENT. Please refer to the Health & Safety section for complete details. INR 50,000 non-compliance fee is applicable for anyone who does not comply with PPE requirements. If anyone on the stand does not have PPE they will be asked to leave and may return only once they are dressed in PPE.

- The Exhibitors company name and / or logo along with the stand number must be prominently displayed on the stand. INR 50,000 non-compliance fee is applicable for stands without company name and stand number & the organisers reserve the right to amend this at the cost of the exhibitor / Stand contractor concerned, deducting the cost from the performance bond deposit.

- Tampering the covering fascia is not allowed without prior approval from the organiser. INR 50,000 non-compliance fee is applicable for any shells scheme stands found with tampered fascia without written approval from the organiser.
- Stand fittings and waste materials must be cleared from the halls by [time] on the last day of breakdown. A non-compliance fee of INR 100,000/- will be charged if rubbish is left behind and will be deductible from the performance bond deposit.
- Contractors/exhibitors found painting, cutting, sawing, sanding or constructing stands in any way on the last day of build-up. INR 100,000 non-compliance fee will apply per incident/hour and work will be stopped until the payment is made.

Written notification will be given to any exhibitor, stand contractor who fail to comply with the guidelines set out in the Stand Design Regulations and Contractor Agreement (or as stated above) which will result in deduction of fees from the security deposit.
